

Aryaka Regional Smart Bundles

for Partners to Accelerate SD-WAN Adoption

Regional ‘Smart Bundles’ make it exceptionally easy for Aryaka partners and your customers to consume Aryaka’s SmartServices.

The Regional Smart Bundles combine Aryaka SLA-driven private core bandwidth (for premium application performance), broadband internet connectivity, security, network optimization, multi-cloud connectivity, and visibility via the MyAryaka cloud portal.

Services, Options and Regions

	Regional Smart Bundles		
Deployment Scenarios	Small Site	Medium Site	Large Site
Minimum Number Sites [1]	10		
Included			
WAN Capacity[2]	150 Mbps	650 Mbps	1000 Mbps
Aryaka Private Core (Regional)	2 Mbps	4 Mbps	6 Mbps
TCP Optimization	✓	✓	✓
LinkAssure (FEC)	✓	✓	✓
Cloud Security Connector Support*	✓	✓	✓
Provisioning & Management	✓	✓	✓
24x7 Monitoring & Support	✓	✓	✓
Options			
Compression & Application Acceleration	✓	✓	✓
Last Mile Management[3]	✓	✓	✓
Hosted Firewall**		Compact [4]	Standard [4]
Firewall Management**		Compact	Standard
Private Core Bandwidth Pools	10, 20, 50 and 100 Mbps Ready-to-Order Pools		
Flexible Options			
Elastic Subscriptions	✓	✓	✓
Bursting	✓	✓	✓
Inter-Region Connectivity	✓	✓	✓
Available Regions/Countries	North America: UCM (USA/CAN/MEX) Europe (excl. Russia) APJK: Japan, Korea, Taiwan, Singapore, Hong Kong AUS/NZ: Australia/New-Zealand		

[1] Regional Smart Bundle eligibility requires a minimum 10 sites deployment

[2] WAN Capacity is the aggregate bandwidth on Aryaka’s Private Core, Site-2-Site InternetVPN and Internet Offload.

[3] Last Mile Management provides troubleshooting and issue resolution of first-mile Direct Internet Access (DIA).

[4] Aggregate hosted firewall throughput ranges from up to 200 Mbps (Compact) to 1000 Mbps (Standard).

*Cloud Security Support excludes the license for the Cloud Security Service (i.e. ZScaler)

**Hosted virtual excludes the license for the Hosted Firewall (i.e. PAN). Ordering of Hosted and Managed Firewall requires approval by an Aryaka Sales

Pricing and Orderability

Pricing is based on site capacity and the region. For pricing and ordering details, contact your Aryaka Channel Account Manager (CAM).

Upgradability

The initial deployment can be seamlessly upgraded to a broader inter-region or global deployment, and additional advanced Smart Services.
